## SOCIAL SCIENCES

A historic survey of the nations of the past and a study of the present world conflict. The year to understand more clearly the present world conflict. The plans of our democracy have been presented in the pages of American history. Formulating plans for a future peace has been one of the activities of the senior classes.

A thorough study of our complicated economic system has been made. The part which our great state has played in our war effort. The fact that our study of all the history students this year.

## MATHEMATICS

The mathematical field moves into a prominent position in the present crisis. As preparation for work in war industries, in the fighting forces, or in colleges, students are offered two years of algebra, plane and solid geometry and advanced and commercial arithmetic.

Trigonometry, a new course, is especially useful in navigation, artillery, aeronautics, aerial photography, and engineering.

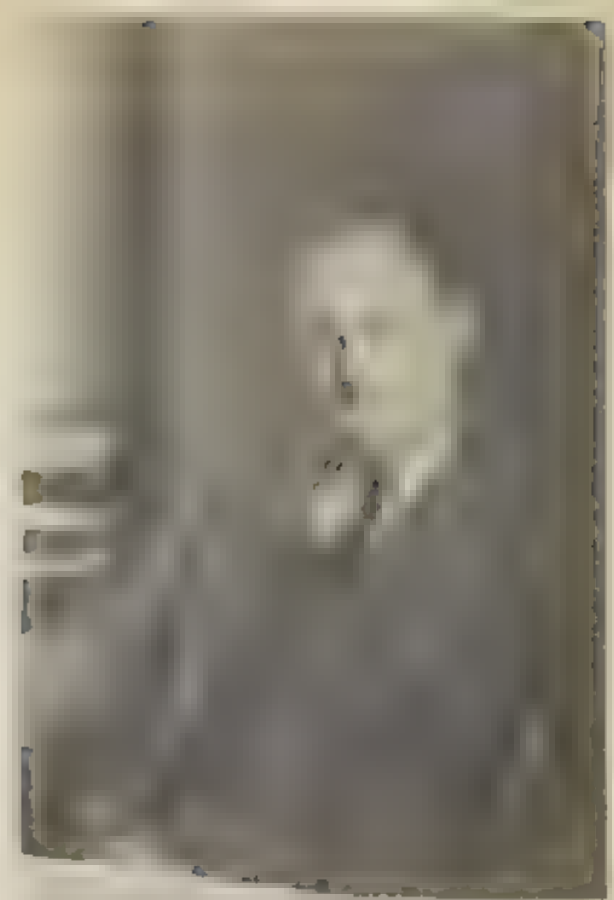

Ella May Underwood, M.A.

Lena McConnell, M.A.

T. Richard Moss,  
B.S.

## CHEMISTRY

Although the odors emanating from science laboratory are often unpleasant, chemistry students enrolled in the course have appreciation for their work. To the student chemistry, "valence," "atoms," and "molecules" cease to be mythical terms, and become a part of the clear-cut study of formulas, compounds, and mathematics; all of which are vitally necessary to our present war effort. The chemistry courses in WFSH are ably conducted by Mr. Morris and Mr. Stone.

## BIOLOGY

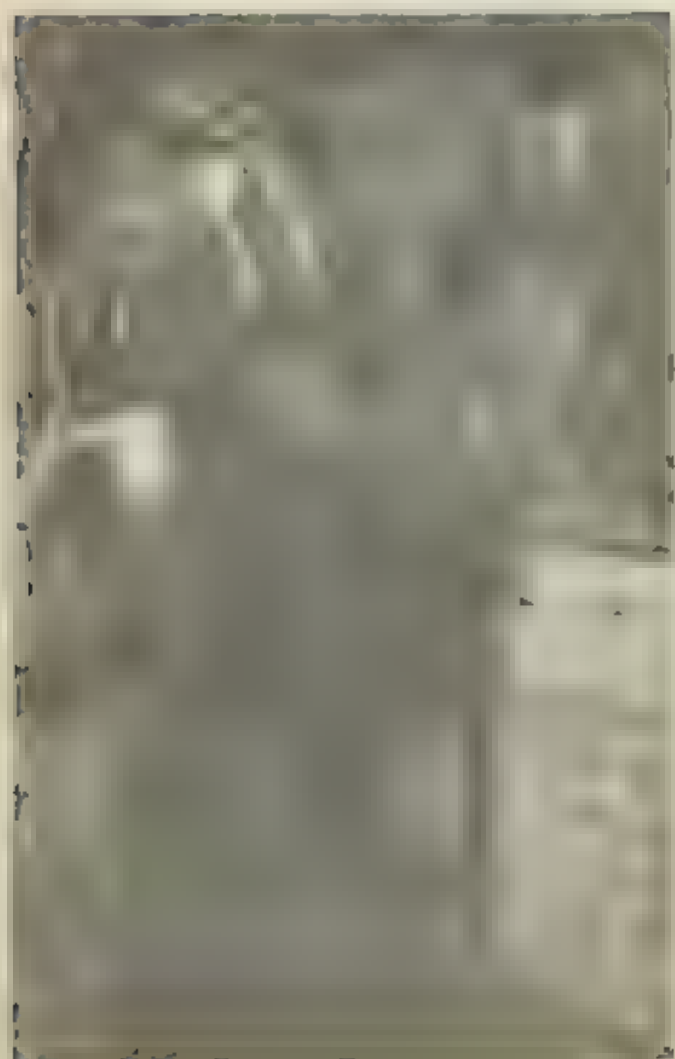

In contradiction to the generally accepted theory, the study of human physiology, and not bugs, is the true objective of biology. Insects, plants, and animals are all studied in regard to their effect on man. Of great importance at this time, are the health problems stressed in this course.

## PHYSICS

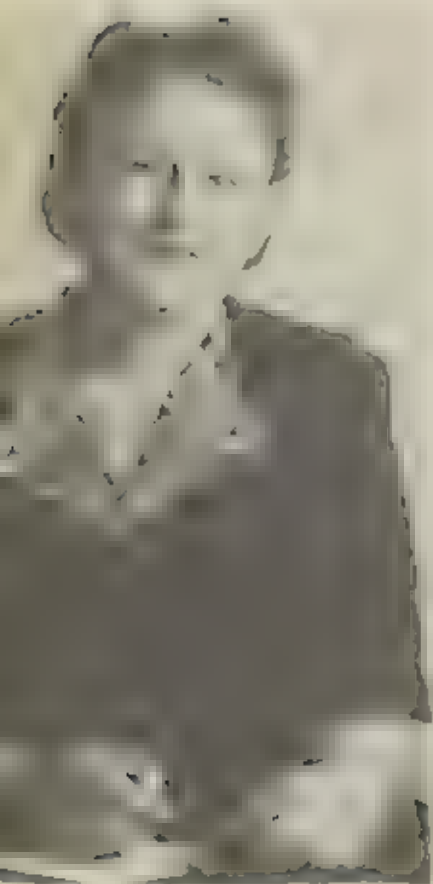

The students of WFSH learn the "whys and hows" of mechanics, heat, sound, light, and electricity through the study of physics. This senior science, one phase of the science program taught in WFSH, is under the competent guidance of Leroy Stone.

Developing defense tactics

## PRE-FLIGHT

For those students who wish to study aviation, pre-flight is a very helpful course. It offers the students a course in meteorology, a study of weather; navigation, the plotting of the plane's course; and aerodynamics, the science that deals with mechanical effects upon air.

## FOOTLIGHT PLAYERS

Footlight Players have presented this many programs and plays for civic groups, churches, the U. S. O., and the Sheppard Field. However, their program work came within our own Footlight Players, and other students, and in all assemblies; they had charge backstage work, and they planned and presented the majority of the assembly programs. They were always ready to assist in dramatic productions. During the year they presented three long plays, and they entered the National League One-Act Play contest with one. Many took part in the declamation and extemporaneous speech contests. Humphrey was voted the outstanding representative of this organization. He also has the honor of being president of the

In the woodworking classes of WFSH, carpenter-students are furnished with equipped shops and machines and a capable instructor. These students, of which thirty-four have received rating certificates for their service, have constructed a large number of model airplanes; these were given to the Navy for use in teaching identification of planes.

## MECHANICAL DRAWING

Realizing the need for engineers and draftsmen during this crisis and in the peace program which is to follow, students of the M. D. classes have been very diligent. The study of home planning, blueprinting, and architectural designing have all been a part of the program.

## COMMERCIAL

In addition to giving all students a wider knowledge of the business world, the commercial department of WFSH appeals to the students who plan to take related work in the terminal students—those who plan to enter the business world immediately after high school graduation. The attitude of the commercial students is sincere and co-operative. Students from the commercial department of WFSH may be found in practically every important city in the United States, doing their part in the war effort.

## OUR FAVORITES

Victory is a glory to be shared by all, an honor not to be earned by any one individual. And so, this year WFLH has had no state School Beauty. Instead we have named ten favorites who were drafted by the student body on the basis of their popularity. As only one can be, they are physically fit, Class 1-A specimens.

Victory Belles—we salute you!

Because of their ability as leaders in their classes and their participation in extra-curricular activities, students from the various classes were named as representatives. They are all good fellows and rank ahead in with their classmates. We take pleasure in placing them in this very special position.

In addition to our Victory Belles and our representatives, we pay tribute to a group of students, selected by the faculty and school, who have distinguished themselves in special fields. They represent different phases of school life and rate "tops" in their respective departments. We are happy to call this group Selectees.

FEATURE

Trying to make the road to Victory as smooth as possible, WFSH has unceasingly toiled, not only in contributing a near maximum of men for the armed forces and money to finance the war program, but also in doing those many small things which keep stumbling blocks and stones off the steep road to Victory.

Realizing that their loved ones must have arms and equipment with which to fight, students of WFSH have dug deeply into their pockets in order to buy that extra stamp or bond. Giving freely also, of all those little things that rank so high in the final tally, students and faculty members have helped in a small way to pave the way to ultimate Victory. Proudly smiling, each has gone about his work with determination to save and maintain a home front worthy of our men and women in the service of their country.

Some of the "stepping stones" with which the road to Victory is paved and which students of WFSH have helped to construct are the following.

Though the students of WFSH this year have been active and cooperative in all phases of the war program, most credit goes to our former students who have answered the call to duty in a more concrete way. By April last, seventeen hundred students (approximately) had responded to this call. Forty-three of this number were reported missing while eleven had given their lives that freedom might live.

It is to those who have given "their last full measure of devotion" that the remaining students of WFSH promise untiring support to the cause for which these boys gave their lives and earnestly resolve that "these shall not have died in vain."

## ALL ACES — SENIORS

The Hi-Y is the only organization of its kind in WFSH. Its purpose is to create, maintain, and extend to the students the standards of higher Christian character. The Hi-Y conference was held in Wichita Falls, March 22-27 of this year; it was under the direction of Mr. Leroy Stone, club sponsor, and Mr. Carl Taylor, District Executive for Hi-Y.

The officers of the club for the year 1933 were:

President—Eben Junkin  
 Vice-President—Jerry Hatcher  
 Secretary—Stanley Reyn

These officers faithfully performed their respective duties throughout this year. Through their work, H-Y was recognized as a valuable asset to the school and succeeded in performing many services for the school and for the community.

## CORRIDOR ASSISTANTS

Under the capable guidance of Mr. G. A. Reaves, approximately 100 Corridor Assistants have a two-fold job of directing traffic in the corridors and in serving as ushers at the football games. Qualifications for membership in this organization involve high scholastic standing, a good citizenship record, and a record of service. Since the students respect this group, the result is that the passing period is very orderly and the atmosphere in and around the building is conducive to normal school life.

## CIVICS FORUM

Using the American privilege of historical study and criticism, civics students of WFSH were organized to consider problems of vital significance to every patriotic American. Both political and military aspects of the present war were studied and discussed in the meetings of this year's Civics Forum. The consideration given the present issues and the part every citizen should have in the present program brought home to the members of this group the necessity of an "all-out" pledge for Victory.

Presenting the paper was Mary L. Martin and Howard L. ... and May ... and ... and ... and Virginia Springer.

## LIBRARY ASSISTANTS

The Library Assistants are a group of students who have a genuine love of books and enjoy working with them. Members of this group aid the librarians by shelving books, assisting their fellow students in the library, and by working at the desk—checking books in and out. Although these students receive no actual academic credit for this work, they receive recognition for their work as extra-curricular activity. As a result of the training received in the Snider Library, these students are able to qualify later for work in larger fields.

The people are dressed in early 20th-century attire. The building behind them has a prominent entrance and several windows. The overall scene suggests a formal group portrait or a gathering at an institutional setting.

In addition to patriotic essays, a study of the literature of the Southwest has been an interesting project this year.

## SPANISH

As a result of the increasing solidarity of North and South America a knowledge of the Spanish language has become a necessary asset of a well educated person. The Spanish department of WFSH has therefore, in response to popular demand, maintained a Spanish Club in addition to the regular course study. This club has afforded the members with an opportunity to study the customs of our Spanish speaking neighbors to the South and to hear different types of Latin American music. Appreciation of Espanol and a respect for the Spanish customs and traditions have been the objectives of this wide-awake club.

Officers of the club were as follows:

President	- - - - -	Manellen West
Vice President	- - - - -	Myra [illegible]
Secretary	- - - - -	[illegible]
Treasurer	- - - - -	[illegible]
Reporter	- - - - -	[illegible]

## HOME ROOM REPRESENTATIVES

In practice of the very principles on which our government was founded, the Home Room Representatives have met twice every six-weeks period to discuss school problems. This group is a new club in our school, but it has already proved its worth. Representatives from each home room have met, together with the sponsor, Mr. G. A. Reeves, and have discussed problems or forms suggested to them by students in their respective home rooms. These discussions have aided greatly in promotion of better understanding between the faculty and the student body.

# NATIONAL HONOR SOCIETY

Since senior membership in the National Honor Society is not determined until the latter part of the senior year, membership is restricted to the relatively small group of students who received the coveted rating in their junior year. This top-ranking organization, with Miss Pauline Shirley as sponsor, has contributed its share toward the war program.

# LATIN CLUB

The meetings of the **Gens Romana** hold the lighter moments of the Latin students. Here they draw comparisons of **tunc . . . et nunc**, learn the customs of the Romans, which are still in practice.

The Latin Club is the medium through which the **discipuli Romani** become acquainted with the ancients as real people, who laughed, loved, fought, and died in much the same way as their twentieth century descendants.

## CHECKING AND RECORD GROUP

Each year a group of students who have proved themselves dependable in all phases of school life is selected for the checking and recording positions on the office staff. These students assist in alphabetizing cards and recording grades during the second week of each six-week period.

This year's group proved both dependable and accurate in their work and did much to improve the general atmosphere of the office.

## STUDENT SPONSORS

The Students Sponsors are a group of outstanding senior boys and girls selected because of their scholarship, standing, their dependability, and their leadership. These students play the parts of host and hostess to all the new students—students from both the local junior high schools and from other cities. Assistance is rendered the new students in their period of orientation. Through the efforts of these groups, new students who might otherwise become discouraged and want to withdraw, are guided through the first difficult week.

The Welfare Committee directs all the charity work undertaken by the club.

The Financial Committee, headed by the treasurer, collects dues, balances the books, and attends to the gift that is presented annually to WFSH by the club members.

The Girls' Club, an organization that is noted for its service in many fields, has been recognized by both school and civic authorities. The 1942-43 club provided Thanksgiving baskets for the needy, an old-fashioned Christmas tree for the Colored Day Nursery, and an Easter egg hunt for the White Day Nursery. Besides the welfare work of this organization, these girls in white assist the office and different departments with routine work at the beginning of each semester.

# MUSIC MAESTRO

The Music Maestros are those members of the orchestra who are interested in studying conducting. Mr. George Greenway, the organization's sponsor, has taught the group to study and appreciate music from the conductor's point of view. The members have formed an ensemble in which the students actually apply their knowledge in handling the baton. This year they have studied a great deal of music of the Americas and our other allies.

**BILLY BOLIN**

Billy was one of our best reserves this season and saw much action. He is returning next year and should be one of the team's steadiest players.

**BOBBY BOLD**  
As one of the Pack's fastest backs, Bob played a lot this season. He will return next year for additional service.

In the game with the Lion-Coyote team, the Coyotes met the usual opposition in the form of a speedy running and passing attack. After a hard game, the Pack emerged victorious with a score of 20-7.

**WILBURN FLOWERS**

As a member of the reserve squad, Wilburn ably played his part in the winning of this year's district championship.

CARL HIGHTOWER

Carl was an outstanding back and added much to the power of this year's team.

LINDSEY SPILLMAN  
As his high school football career drew to a close, Lindsey saw a great deal of action as a fine offensive and defensive end.

JIMMY LITRELL

Although not a full-time player, Jimmy showed great promise as a reserve during the season.

CECIL HARPER

"Curly," husky Coyote lineman, was a full-time performer in all conference games.

### JOHN DECKER

A knee injury, suffered early in the season, prevented John from as full a football career as he might have enjoyed otherwise.

### KENNETH STOWE

As reserve center, Kenneth played a big part in the team's success. He was recognized as an efficient, alert linesman who was always ready to help.

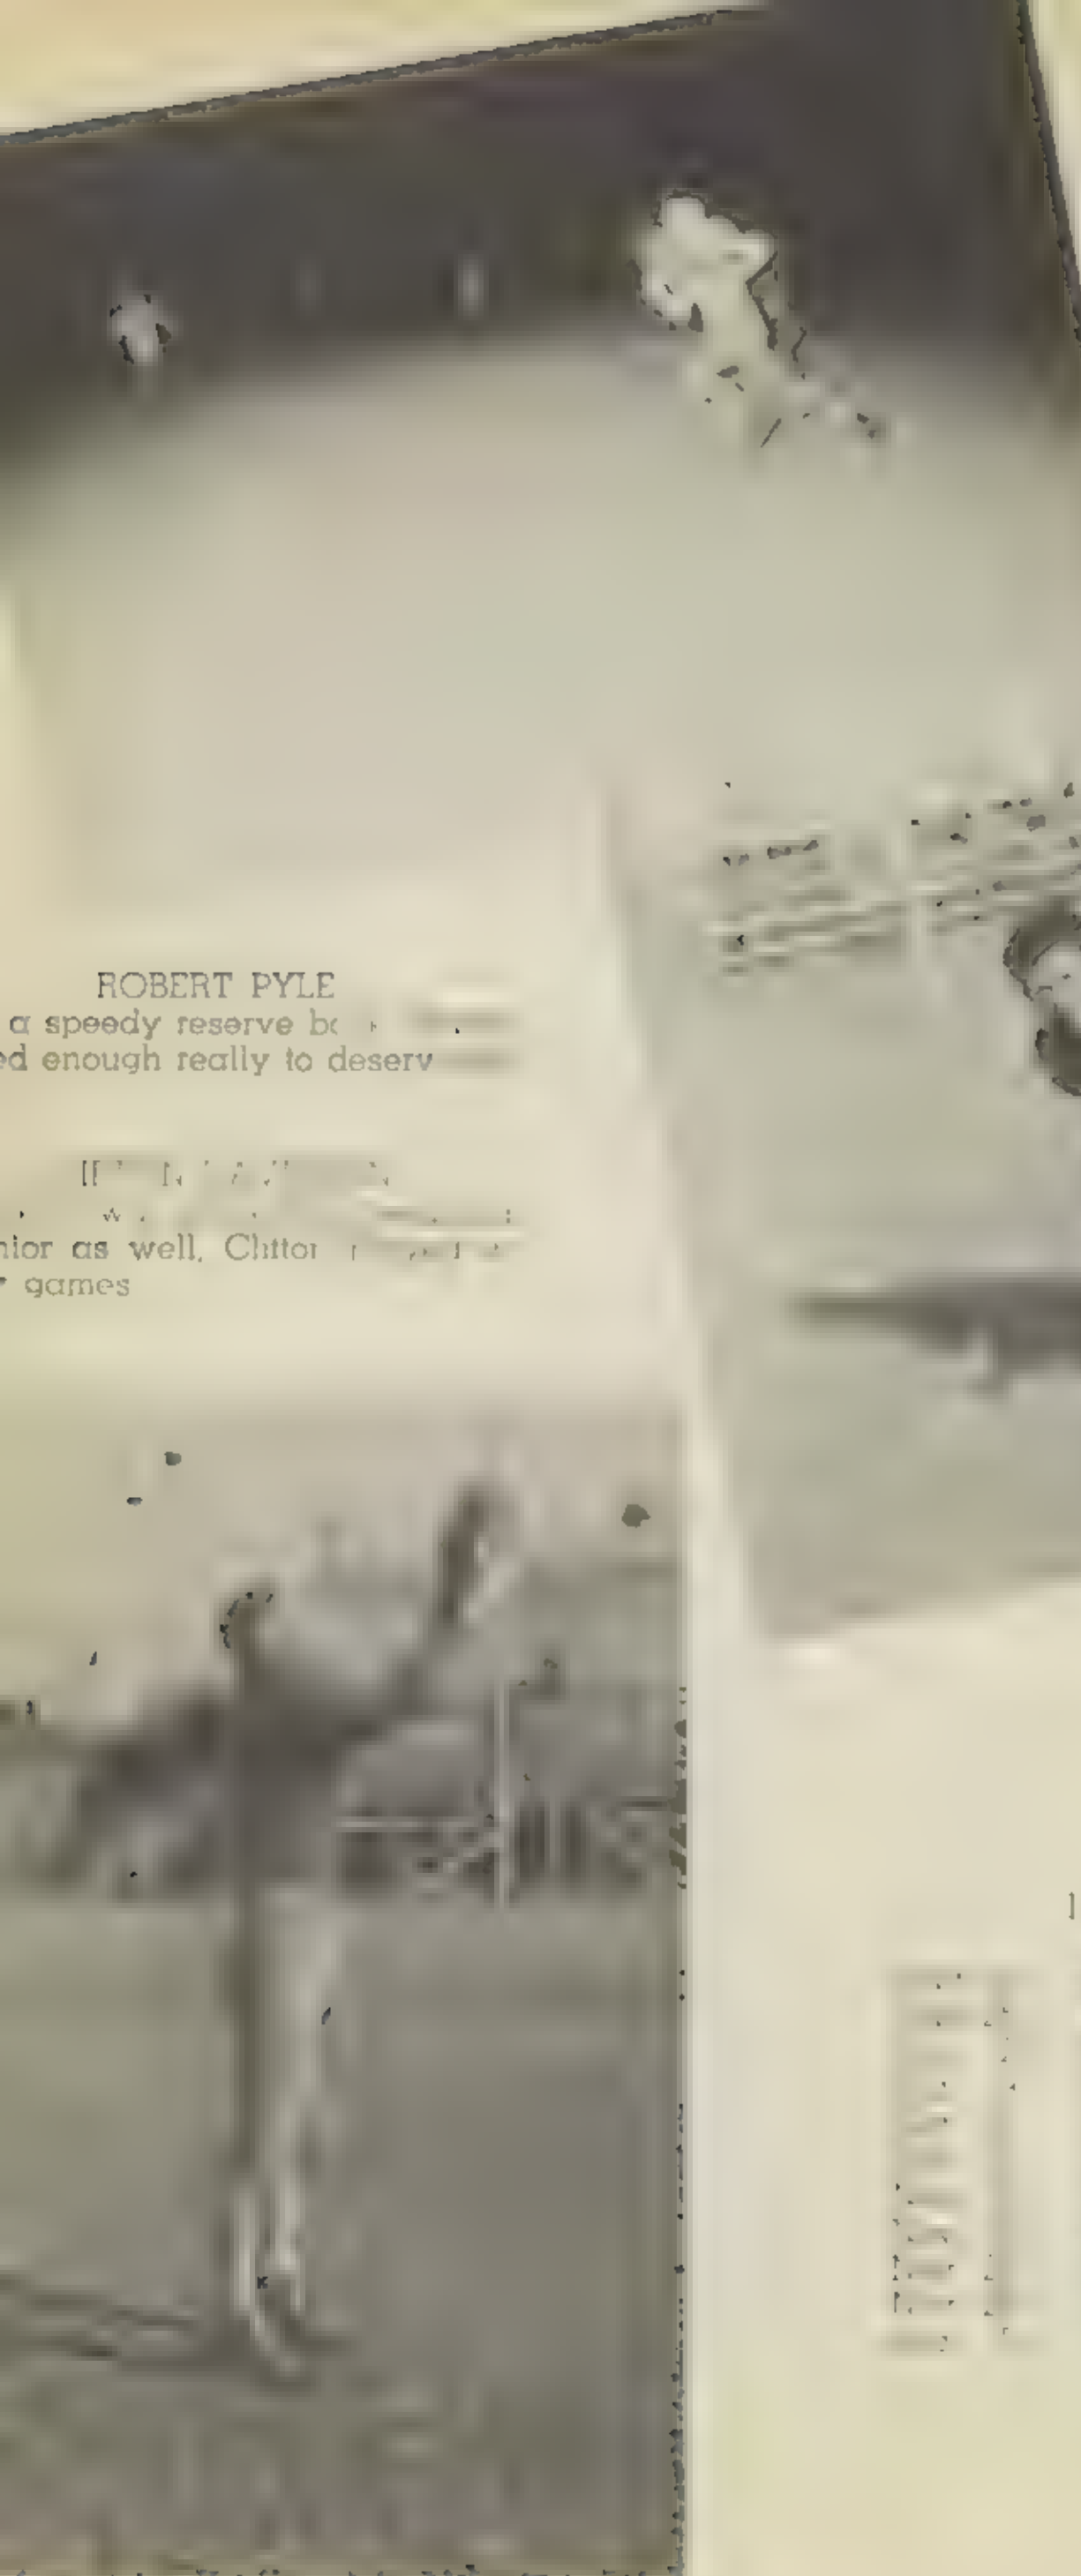

### PAUL HADLEY

Although a beginner at the game, Paul accredited himself favorably in the few times that he played. With only slightly more experience, he will be definite first-string material.

### CLIFTON GARRETT

Known as "Sully", Clifton was an aggressive guard who was constantly in line-up throughout the season.

The Sherman ball club had the spirit but lacked the weight necessary for a winning team. They were easy victims for the Coyote power and were defeated by a score of 69-0.

In the final district game of the season, a strong Coyote eleven smashed the powerful but inexperienced Burk Burnett Bulldogs. The final score was 60-0.

**JAMES LOWER**

James did not see much service this year, but he gained some valuable experience that will be of great benefit to next year's team.

**BILLY MANN**

Although he did not play in many games this year, Billy supplied a part of the reserve power necessary to a successful team.

**DON DUDLEY**

Throughout the season Don played a hard, fast game at end. His speed and alertness constituted a large part of the Coyote defensive game.

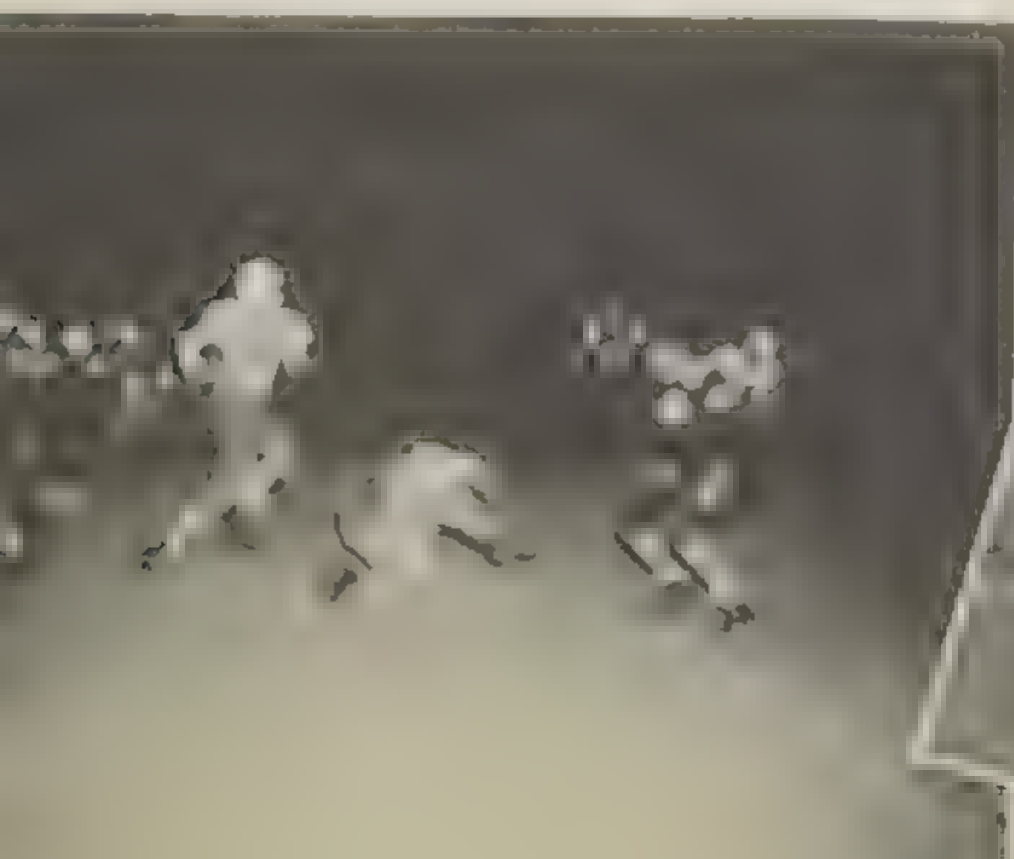

**DON FRAZER**  
 Powerful reserve back. Don Frazer has done only enough service to earn a spot on the team in the line-up, but he is expected to be a steady starter next year.

BOBBY LEE SMITH

As a star receiver for many of brother Robbie Dee's spectacular passes, Bobby Lee played an invaluable part in the winning of many games.

KENNETH ESCHMAN

As a blocking back, Kenneth was one of the most efficient, hard-hitting backs on the 1942 squad.

BILL TILLMAN

Fulfilling the post of powerhouse in the Coyote backfield, Bill showed much stamina throughout the season.

ROBBIE DEE SMITH

Playing the role of triple-threat backfield ace, Robbie Dee led the Pack to the District 2-A championship.

DONALD OWEN

Holding down the position of guard, Donald played an important part in the invulnerable Coyote defense.

**HERMAN BALCH**

Lack of experience was the only obstacle that prevented Herman from playing more. He returns next

**BILL PERRY**

Bill filled the slot of regular center for this year's district championship team and was one of the most dependable players on the team.

**BILL PROCTOR**

Because of his weight and high spirit, Bill was a valuable asset to the team. His determination helped the morale of the team repeatedly.

**LEON FOSTER**

As captain of the '42 eleven, Leon held down the tackle post and often switched to the backfield to carry the ball.

# BASKETBALL

1943 Coyote Basketball Squad

For the first time in many years, basketball was a leading sport in WFSH. The students and faculty took a real interest in the team and did much toward supporting it and helping the morale of the squad. Several practice games were played before the district tournament; in the majority of these, the Coyotes were the victors. The Pack was defeated in the finals of the district tournament after two preceding games.

Coyotes 34 Childress Bobcats 30

Coyotes 21 Graham Steers 20

Coyotes 26 Vernon Lions 28

The boys who composed the '43 Coyote basketball squad deserve much recognition for their fine work on the court. They played in the City League, a new organized form of competition in Wichita Falls, as well as keeping up their conference schedule.

## OUR APPRECIATION

Once again we have come to the end of another epoch-making year in WFSH, the most important, perhaps, in the lives of this generation. Though it has been a difficult year for school publications, the success of certain individuals and groups. It is to these people who were not on the staff proper that we express our thanks and acknowledge our gratitude.

Students shown in the pictures on this page did much of the office and art work connected with the annual. The staff in the high school, headed by Mr. A. K. Presson, spent valuable time in checking and looking up names. Mr. Ted Roberts of the Times was our photographer. Arch Greenwood and Charles King

the university and departments connected with them we offer thanks.

As a final message, the staff wishes that all the students will want to treasure this year's work as a reminder of the progress we have made in our war program and plans for Victory. We trust we have succeeded.
